1. BUYER RECOMMENDATIONS

- Unpack the device carefully. Make sure there are no accessories left in the box. Check up the device for damage; if the product was damaged during transportation, address the firm, which carried out the delivery; if the product functions incorrectly, address the dealer at once.
- Check up the package contents and availability of the warranty card. Make sure the warranty card has a shop stamp, a legible signature or the seller's stamp and purchase date, and the goods number corresponds to that in the warranty card. Remember: in case of warranty card loss or discrepancy of numbers you forfeit the right for warranty repairs.
- Do not switch on the device immediately after you bring it into a room from environment with negative temperature! After unpacking, the device should be kept in conditions of room temperature for at least 4 hours.
- Before installing and using the device, read this Manual carefully and keep it for future reference.

- ④ Power switch

5. PREPARATION AND OPERATION

MSS Connecting

Acoustic System (AS) can be connected to most of audio sources: PCs, laptops, tablet PC, cell phones, etc. (see connection diagram in Fig.).

- Place the speakers symmetrically to the listener at least one meter away.
- Connect active speaker.
- Connect required signal cable to audio source.
- Adjust volume on minimum level.
- Plug USB cable to any USB power port.
- Short press ③ to change input signal mode AUX (3.5 mm) / Bluetooth.

Bluetooth mode

- Choose bluetooth mode by pressing ③. The AS will start search mode and a beep will sound.
- Activate Bluetooth search mode of your device (phone, notebook, smartphone, etc.).
- «REAL-EL S-405» will be displayed which should be connected to.
- Reconnection is automatic.
- To connect another device, you need to repeat the Bluetooth connection procedure, provided that the previous device is not connected to the AS.
- Disconnecting from the signal source (long press in Bluetooth mode)

6. SPECIFICATION
